

Proxim Wireless

You're Invited to the Proxim Certification Training Class in Orange County, California

Proxim Systems Configuration
PSC
2010

You Are Invited!
When: April 13, 14 & 15
Where: Orange County, California
Venue: TBD
Language: English

Training Overview

We invite you to join our upcoming Systems Certification and Configuration Training Class in April hosted by our North American Systems Engineer Team. Our Certification Training program aims to equip our partners and resellers with the critical technical skills to promote and support Proxim products. It is also required for the Proxim Partners at the Platinum, Gold and A&E levels and needs to be renewed on an annual basis in order to maintain the partner status.

This class will cover the technical aspects of Proxim's P2P, P2MP, and MESH offerings with emphasis on newer product lines including the 300Mbps Tsunami 8100 series and how to successfully design and deploy them.

To accommodate a wide range of students and to maximize students' time, this session is structured as a 3-day class. The first day will cover the entire Proxim product line with focus on new products, their applications and how to implement them in a network. The following 2 days will concentrate on more technical aspects including configuration, troubleshooting, and hands-on activities. All materials needed for the certification test will be given in class and on the CD distributed during class.

Training Hours

Breakfast begins each day at 8:00am. Class begins at 9:00 and concludes at 5:00pm with (2) 15-minute breaks and 1 complimentary lunch from noon to 1pm.

Suggested Accommodations

After you sign up for the class and a venue has been chosen you will receive an email with all details required for your hotel and travel arrangements.

Class Tuition and Payment Terms

A discounted rate of \$300.00 will be available to sign-ups confirmed prior to 1 week in advance of the class. Sign-ups within 1 week of the class will require approval and provided

based on space available.

Special Offer to Proxim Partners: Attend the Class for FREE if you purchase a Tsunami QB-8100 Demo Unit (50% off list price) before March 31st 2010! Please contact your Proxim Regional Sales Manager ([NAM Sales List](#)) to qualify.

Course Enrollment

Enrollment is open on Monday, March 1st. Each student must create his/her own student profile at <http://training.proxim.com> and then enroll to each class he/she wants to attend.

- Step 1 Go to the Proxim Training web page <http://training.proxim.com>.
- Step 2 Create your Student Profile (This is only needed if you have never registered for any classes before, if you already have a Training Profile, please go to Step 3) Please carefully complete all information. This info will be used later on to print your diplomas and send them to you, so Name and Address fields are very important.
- Step 3 Login with your User Name and Password.
- Step 4 Choose "Sign Up to a Posted Class" or "Sign Up to a Non Posted Class".
Posted classes are open classes listed in the calendar. You can sign up to any posted class.
Non Posted Classes are "hidden" classes that are not listed in the calendar. You may have been invited to a non posted class. In this case, you must have received the Class Number and perhaps a class Password. Enter these info. Then confirm.
- Step 5 Enroll in other classes, and confirm each class.
- Step 6 Go to My Classes and review all your registrations.
- Step 7 Paying for the class by visiting the "Pay My Classes" page. If the class has a posted Tuition, please pay this using Credit Card.

We look forward to seeing you at our Training Class! For any questions please feel free to contact your Proxim RSM team ([NAM Sales List](#)).
